Subject: RE: OMB/CEQ 2013 Budget Request as discussed on Fed Agency BDCP Coordination Meeting

Hello. I have heard from a few of you about this request, so I wanted to provide a quick update. The "one-pager" requested by Erika Feller was sent up through Reclamation's hierarchy and was provided to Commissioner Connor and Reclamation's DC budget office. The decision was made that Commissioner Connor would send out additional guidance on responding to the request. I expect that an email will come from Commissioner Connor today to the Federal Family. Thanks for your attention to this request.
Sincerely, Sue

Subject: OMB/CEQ 2013 Budget Request as discussed on Fed Agency BDCP Coordination Meeting

Hello everyone. I just wanted to send a quick note to let you know that the CEQ request that was presented by Erika Feller yesterday (specific to the July 29th deliverable to OMB) on our BDCP Federal agency coordination call has been sent down through Reclamation's DC Budget Office.

I just wanted to let you know so that you are not duplicating efforts already being handled by your Budget office.

Note however that the Budget office is not completing the "process document" that Erika suggested we provide to Letty Belin and Commissioner Connor. Paul Robershotte and I will have that completed today.

I will send that around for your consideration later today.

Please forward this information to anyone I may have missed that was on yesterday's call and would benefit from this information.

Thanks, Sue
